for forty-eight sustaining instruments

for forty-eight sustaining instruments

each section represents four minutes of time (there are twelve sections; the piece is forty-eight minutes long)

in each horizontal line, there is a section (represented by four minutes of time), a pitch, and a duration in seconds

itches can be played in any range chosen by the performer, however it is encouraged that the full range of the performer's instrument is explored throughout the piece

each pitch can be played anywhere within the four minutes it is assigned to, but can only be played once

each pitch must be held for exactly the duration it has been given

all tones must be very quiet; bordering silence

a stopwatch is required for each player
