**for twelve sustaining instruments**

for twelve sustaining instruments

each section represents a minute of time (there are twelve sections; the piece is twelve minutes long)

in each horizontal line, there is a section (represented by a minute of time), a pitch, and a duration in seconds

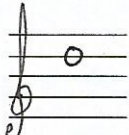

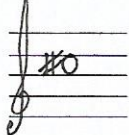

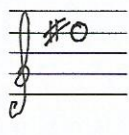

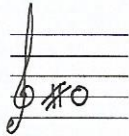

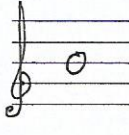

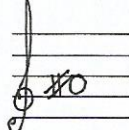

itches can be played in any range chosen by the performer, however it is encouraged that the full range of the performer's instrument is explored throughout the piece

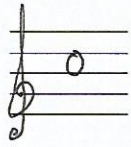

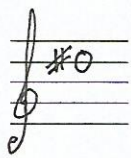

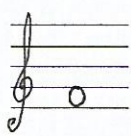

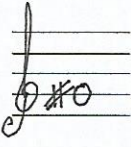

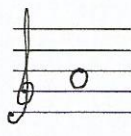

each pitch can be played anywhere within the minute it is assigned to, but can only be played once

each pitch must be held for exactly the duration it has been given

all tones must be very quiet; bordering silence

a stopwatch is required for each player
